

Indiana Counties' Recently Changed Setbacks

<u>Clinton Co</u>	Disallowed wind farms altogether
<u>DeKalb Co</u>	Allowable noise limit is 35dB.
<u>Delaware Co</u>	2 year moratorium on wind ordinance!!
<u>Grant Co</u>	Seeking setback change of 1500' from property line thru amended EDA.
<u>Marshall Co</u>	Disallowed wind farms altogether
<u>Noble Co</u>	$\frac{3}{4}$ mile (3690') from property line AND 40dB noise limit measured 1000' from turbine.
<u>Tipton Co</u>	Recent changes include 1500' from property line and 2640' from any residence with a noise limit of 5dB above existing ambient level. Property value protections will be added.
<u>Whitley Co</u>	$\frac{1}{2}$ mile (2640') from property line.
<u>Wells, Adams and Jay Co</u>	- All in process of changing their wind ordinances.

Phase I Wildcat was constructed with a 45dB noise limit in place. At 2 turbine locations the noise has been shown to **exceed** these allowable limits. There are now over 160 complaints filed.
